### Christmas Party:

Going to the beach is a little pleasure far out of reach for the children of Red Location. This year we cannot resist and have decided to make their dream come true. We will be hosting a beach Xmas party for our 200 Zama participants. This is going to be an unforgettable experience particularly for the little ones who have never ventured onto a beach before.

To help them relive this wonderful memory often we have decided to give them each a beach towel, a t-shirt and a sun hat to ensure that everyone is catered for and cared for on the day.

This is fun time and many people have asked how they can get involved and help so here is a list of requirements. If there is any way in which you can contribute to make this a perfect day, we are happy to have you aboard.
